What is English for me?  
It is my motivation,  
The perfection of words  
And the great inspiration.

What is English for me?  
The one thing to explore,  
The one thing to be in –  
Language which I adore.

What is English for me?  
Why is it in my life?  
Just because life runs fast –  
We need English to drive.

What Is English for me?  
Future, present and past.  
New abilities, job,  
Studying hard, progress fast.

I love English, of course,  
I love English so much.  
One of reasons is writing  
This poem tonight.
